

Dear Valued Customers,

It is hard to believe that we are going on 9 months of dealing with this Covid-19 pandemic and still seeing major affects of it in our area.

With the safety of our customers and employees always at the forefront, Hopeton State Bank will be closing our lobby on November 17, 2020 for an undetermined amount of time.

Please continue your banking business via drive- thru, night depository, phone, and I-bank. Our employees will be here to assist you in any way needed so if you need to make an appointment please call 580-435-2221.

I am so grateful to our loyal customers and we are looking forward to seeing you inside the bank real soon. We will let you know when we feel it is safe to open the lobby again.

Please stay safe and have a Happy Thanksgiving.

Sincerely,

Trent Goss

President & CEO
